ORR REQUIREMENT NO. RR/HTA/G/R4/56: Furnish an overlay of certain areas in the vicinity of Bialystok, Poland to show the following vegetation and cultural features: cultivated and cleared areas, forested areas, wasteland, swamps, military or security installations, individual isolated houses or buildings and other indications of human activity.

REMARKS:

The attached overlay was prepared in close coordination with the requester. Because of the security nature of this project, the original overlay was delivered to the requester and only one copy was made for file and record purposes.
